

Surgeon's Knot Tutorial

- 1 Overlap the ends of the 2 lines

- 4 Tighten by pulling both ends

- 2 Form a loop and pass an end through it

- 3 Pass it through one more time

- 6 The finished knot is compact

- 5 Trim the tag ends

Tying a Clinch Knot

1 Pass the working end through the hook eye

2 Wrap it 5 times around the standing line

3 Pass it through the first loop

4 Pull it and the standing line to tighten

5 Cut off excess tag end

6 The knot is complete

Surgeon's Loop Instructions

1 Make a loop with a double line & feed the end into it

2 Pass the end through the loop once more

3 Take it out of the loop pulling the standing part

4 Cut off excess tag end
